

**INTERPUMP
GROUP**

PRESS RELEASE

S. Ilario d'Enza (RE), 29 October 2014 – Following the rumors appeared in some newspapers about the supposed acquisition of Walvoil, Interpump Group reiterates that it is his rule and practice to inform the market promptly about any acquisition made and therefore denies to have acquired Walvoil.

Interpump Group has informed the market repetitively about growth targets through acquisitions; consistently with this policy, Walvoil is certainly one of the targets of our interest.
