GROUP**

PRESS RELEASE

**INTERPUMP CLOSES THE ACQUISITION
OF SERVIZI INDUSTRIALI Srl**

Macfuge

Sant'Ilario d'Enza (RE), 21 July 2020 – Interpump Group announces the closing of the acquisition of a control stake in **Servizi Industriali Srl**, a company operating in design, production and sales of centrifugal separators with the **Macfuge** brand, headquartered in Ozzano Emilia near Bologna, Italy, at the conditions illustrated in the press release dated 22 May 2020.

Macfuge systems are used for separation and clarification. These processes enhance the purity of fluids in the food, chemical and pharmaceutical industries, as well as in the energy sector; they allow a correct recycling and disposal of waste products in many industries, improving their environmental impact; in addition, they are at the basis of biofuel production.

This acquisition adds an important tile to Interpump's range of fluid handling systems and components, where demand is rapidly growing thanks to the higher and higher attention to environmental impact".
